# Pet Vaccination Tracker

Use this printable worksheet to keep vaccine dates, rabies certificate details, next-due dates, and proof locations in one place. Bring it to vet visits and update it after every appointment.

## Pet info

Pet name	Species
Breed or color	Date of birth or age
Microchip ID	Weight
Allergies or vaccine reactions	Primary caregiver

## Vet contact

Clinic name	Primary veterinarian
Phone	Email or portal
Address	Emergency clinic

## Rabies certificate

Date given	Expires	Tag number	Certificate location

## Vaccine history

Vaccine	Date given	Next due	Clinic or vet	Notes

## Next due dates

Vaccine or requirement	Due date	Reminder set	Proof location

## Puppy or kitten series

If your pet is still in the starter series, write each dose separately so your vet can confirm spacing and the final booster date.

Series vaccine	Dose #	Date given	Next due	Notes

## Proof and requirement checklist

Use this table to note where each document is saved, or when you checked a facility or travel rule.

Proof or task	Where saved or checked	Notes/date
Rabies certificate		
Vet portal login		
Adoption or breeder records		
Boarding vaccine rules		
Grooming vaccine rules		
Daycare vaccine rules		
Travel health or rabies rules		
Pet Care Reminder reminders		

## Notes for next vet visit

This tracker is for organization only and does not replace veterinary advice. Vaccine needs vary by age, health, local law, lifestyle, and product used.
